### WHAT IS YOUR COMPLAINT?

Please be as specific as possible within the space provided

Name of mass media invention promoter advertised:

Have an Idea? I.S.C.

Invention promotion services offered to be performed:

To evaluate how marketable my idea would also to do a Research report, and if my invention could be patentable.

Explanation of complaint between customer and invention promoter:

Jack Armstrong from I.S.C. told us I had to have this market report, that would come in bound book to present to companies. He also said that no companies would look at my idea unless I had this research report done. He said they wouldn't take my idea seriously. We feel he misled us, to charge us \$925.00 to have this book made. Now he says, since the report came back positive to pursue my idea would cost from \$8,490 to \$14,040. For them to present my idea to companies. He also told me it would cost that much just to patent my idea, is a lawyer did it. I feel like I was misled.
